## NYSIM conducts IN SITU Program!

Drs. Veronica Lerner & Jerry Lax and Amy Imossi, RN in collaboration with NYSIM conducted an IN SITU simulation in post partum hemorrhage management on the 8<sup>th</sup> Floor of NYULMC's Tisch Hospital. Registered nurses, Anesthesia & OBGYN attendings as well as available residents participated in a program used a live simulated patient wearing a Mama Natalie birthing simulator & used a SimMan computer for vital signs. We are excited to bring these types of courses and programs to areas outside of NYSIM's physical space. Please contact us if you would like to design a similar program for your learners!

## NYSIM Resumes Programs at Bellevue Location

During Valentine's week, NYSIM completed the move back to Bellevue and resumed hosting courses. NYSIM anticipates having full center functionality by the end of February. The NYSIM team is thankful for the time spent building stronger relationships with our partners and collaborators during the displacement. However, we are looking forward to rebuilding the schedule of programs and hosting even a greater number of learners than prior to the super storm. If you have any questions and /or concerns about rescheduling your program at NYSIM please contact us at 646.501.4000 or email our directors [grace.ng@nyumc.org](mailto:grace.ng@nyumc.org) or [demian.szyld@nyumc.org](mailto:demian.szyld@nyumc.org).
